

The Sentinel Landscapes Partnership's New Interactive Landowner Resources Tool Is Now Available!

The Interactive Landowner Resources Tool makes it easier for private landowners, conservation organizations, and government offices to find voluntary state and federal landowner assistance programs. How? The tool compiles information on over 300 programs in a single, user-friendly environment. See below for step-by-step instructions on how to use this exciting new product.

How to use the Interactive Landowner Resources Tool:

1. Navigate to: <https://sentinellandscapes.org/landowner-resources> or, navigate to the sentinel landscapes homepage, at <https://sentinellandscapes.org/> and select the "Landowner Resources" tab in the main navigation bar.
2. Use the category, benefit type, and location filters located in the blue column on the left-hand side of the page to narrow down your search results to only those that match your specific needs and interests.
3. Select the green icon  to the left of a search result to expand the result and learn more about the landowner assistance program, including the program's description, parent agency, website URL, contact information, landowner benefit, and applicant eligibility.
4. Click on [Download Results](#) in the upper right-hand corner to download a PDF of your filtered results to share, print, or save for later!
