Funding Resources and Tools

Compiled Funding Opportunities Guides/Resources

SERPPAS Funding Opportunities Spreadsheet – A collection of federal funding opportunities relevant to the various SERPPAS working groups.

Funding for Coastal Resilience in Defense Communities – A collection of state and federal funding sources for defense communities.

FEMA: Recovery and Resilience Resource Library – FEMA developed the Recovery and Resilience Resource Library in collaboration with our federal interagency partners to navigate the numerous programs available to the United States and its territories to help recover from a disaster. The resources are intended for state, local, territorial and tribal (SLTT) governments, as well as nonprofits, businesses, healthcare institutions, schools, individuals and households. The tool helps users to find and research federal disaster recovery resources that would be beneficial in pre-disaster recovery planning or in the wake of a disaster.

REPI Resilience Project Funding Guide – The purpose of this Resilience Project Funding Guide is to share information on available complementary federal and non-federal resilience programs.

DENIX DoD Resource that Lucas mentioned – Chapter 7 Funding Natural Resources Conservation on Military Lands – Conserving Biodiversity on Military Lands: A Guide for Natural Resource Managers 3rd Edition (osd.mil)

Interactive Tools

Nature Based Solutions Funding Database – National Wildlife Federation's interactive database for communities interested in pursuing federal funding and/or technical assistance for nature-based solutions.

WALT: Wildlife and Land Trusts – The WALT: Wildlife and Land Trusts tool is a one-stop-shop for land trusts to navigate federal programs, find the right fit for their needs, and find contact information for the appropriate agency staff.

Inflation Reduction Act Tracker – The Environmental Defense Fund partnered with Columbia Law School's Sabin Center for Climate Change Law to create a free database and progress tracker for all climate change-related provisions in the Inflation Reduction Act (IRA), along with valuable information about programs, protections, incentives, and tax credits. The innovative tool provides users with: A searchable database of provisions by federal agency; Reliable tracking that records actions taken by agencies to implement provisions; Regular site maintenance to reflect up-to-date IRA implementations.

Sentinel Landscapes Landowner Resources Tool – Federal and state agencies offer a variety of voluntary assistance programs that help landowners manage their land sustainably. The tool gives information on how these resources may meet your current needs.

Community Resources

WaterTA – EPA's free Water Technical Assistance (WaterTA) supports communities to identify water challenges, develop plans, build capacity, and develop application materials to access water infrastructure funding. To implement WaterTA, EPA collaborates with states, tribes, territories, community partners, and other key stakeholders.

EFCNetwork - The Environmental Finance Center Network (EFCN) is a university- and non-profit-based organization creating innovative solutions to the difficult how-to-pay issues of environmental protection and environmental infrastructure.

Thriving Communities Technical Assistance Centers – The EJ TCTAC Program is part of the Department of Transportation's Thriving Communities Initiative that is working towards a holistic government-wide framework for providing technical assistance and capacity building resources those most in need to improve and foster thriving communities throughout the country.
